

International Collaboration on Advanced Neutron Sources (ICANS XXIII)

Monday, 14 October 2019

Sources: Source Development - Meeting Room 6 (14:00 - 16:30)

-Conveners: Steven Lilley

time	[id] title	presenter
14:00	[137] The SNS Moderator Test Station	IVERSON, Erik
14:25	[8] Slowing Down of 14 MeV fusion neutrons and possible applications	PIETROPAOLO, Antonino
14:50	[49] SEEMS – An SNS-Based Dual Purpose Target Station for Electronics Single Event Effects Testing and Muon Spectroscopy	RIEMER, Bernie
15:15	[75] Proposal for a Fusion Prototypic Neutron Source at LANSCE	PITCHER, Eric
15:40	[102] The concept of an inverse geometry for a high power UCN source	Dr MUHRER, Guenter
16:05	[207] Source Development Discussion
