

# Science at the Second Target Station Workshop

Spallation Neutron Source Central Laboratory and Office Building, ORNL

December 9-10, 2019

## Organizing Committee

- Olivier Delaire, Duke University
- Ken Herwig, Oak Ridge National Laboratory
- Dvora Perahia, Clemson University
- Martin Mourigal, Georgia Institute of Technology
- Crystal Schrof, Oak Ridge National Laboratory

## Breakout Session Chairs

- Biology –
  - Gloria Borgstahl, University of Nebraska Medical Center
  - Yun Liu, NIST Center for Neutron Research and University of Delaware
- Engineering Materials and Industrial Applications –
  - Adrian Brügger, Columbia University
  - Cev Noyan, Columbia University
- Environmental Science –
  - Eric Pierce, Oak Ridge National Laboratory
  - Claire White, Princeton University
- Fundamental Physics –
  - Leah Broussard, Oak Ridge National Laboratory
- Materials Discovery and Characterization –
  - Efrain Rodriguez, University of Maryland
  - Weiwei Xie, Louisiana State University
- Quantum Materials –
  - Stephan Rosenkranz, Argonne National Laboratory
  - Stephen Wilson, University of California – Santa Barbara
- Soft Matter –
  - Alexi Sokolov, University of Tennessee – Knoxville
  - Gerald Schneider, Louisiana State University
