

We will be visiting the Graphite Reactor today at 4PM

It is about a 14-minute walk or 0.6 mi.

It is advisable to **wear comfortable shoes** for the 12-minute walk to visit the Graphite Reactor. Since the museum is situated on a hill, the walk may take a bit longer for some visitors, depending on their comfort and pace.

Alternately, you could drive to the lot off 3rd street. This does not get you out of walking the hill though.
