

**77th Pittsburgh Diffraction Conference  
October 24-26, 2019**

| <b>No.</b> | <b>Name</b>                  | <b>Affiliation</b>   |
|------------|------------------------------|--|
| 1          | Ahmadullah Ansari            | Oak Ridge National Laboratory                                    |
| 2          | Jahaun Azadmanesh            | University of Nebraska Medical Center                            |
| 3          | Courtney Baier               | Oak Ridge National Laboratory                                    |
| 4          | Victor da Cruz Pinha Barbosa | The Ohio State University  |
| 5          | Nathaniel M Barker           | University Of Cincinnati   |
| 6          | Theodore Betley              | Harvard University   |
| 7          | Alexandria Nicole Bone       | University of Tennessee, Dept. of Chemistry                      |
| 8          | Emil S.Bozin                 | Brookhaven National Laboratory                                   |
| 9          | Stuart Calder                | Oak Ridge National Laboratory                                    |
| 10         | Charles Campana              | Bruker Axs   |
| 11         | Branton Campbell             | Brigham Young University   |
| 12         | Veronica Carta               | Indiana University   |
| 13         | Bryan Chakoumakos            | Oak Ridge National Laboratory                                    |
| 14         | Lirong Chen                  | University Of Georgia, Dept. of Biochemistry & Molecular Biology |
| 15         | Songxue Chi                  | Oak Ridge National Laboratory                                    |
| 16         | John Chrzas                  | University Of Georgia, SER-CAT                                   |
| 17         | Bernadette Cladek            | University of Tennessee - Knoxville                              |
| 18         | Charles Kent Clinger         | Lipscomb University, Dept. of Chemistry & Biochemistry           |
| 19         | Leighton Coates              | Oak Ridge National Laboratory                                    |
| 20         | Thomas Concolino             | Rigaku Americas Corporation                                      |
| 21         | Christopher Davies           | Medical University of South Carolina                             |
| 22         | Gregory Steven Day           | Texas A&M University   |
| 23         | Brian Diaz                   | ART ROBBINS INSTRUMENTS  |
| 24         | Victoria Drago               | The University of Toledo   |
| 25         | Fred Dyda                    | The University of Toledo   |
| 26         | Martin Egli                  | Vanderbilt University  |
| 27         | Yichong Fan                  | Oak Ridge National Laboratory                                    |
| 28         | Jaime A Fernandez-Baca       | Oak Ridge National Laboratory                                    |
| 29         | Joseph D Ferrara             | Rigaku Americas Corp   |
| 30         | Rich Fiore                   | Thermo Fisher Scientific   |
| 31         | Matthias Dietrich Frontzek   | Oak Ridge National Laboratory                                    |
| 32         | Zhengqing Fu                 | University Of Georgia  |
| 33         | Vasile Ovidiu Garlea         | Oak Ridge National Laboratory                                    |

|------------|-------------------------|---|
| 34         | Dustin A. Gilbert       | University of Tennessee                                     |
| 35         | Donald Goodwin          | Molecular Dimensions/Oxford Cryosystems                     |
| 36         | Yimeng Gu               | Fudan University  |
| 37         | Viswanathan Gurumoorthy | University of Tennessee Knoxville                           |
| 38         | Colin Harmer            | Iowa State University                                       |
| 39         | Margarida Henriques     | Institute of Physics  |
| 40         | Ken Herwig              | Oak Ridge National Laboratory                               |
| 41         | Christina Hoffmann      | Oak Ridge National Laboratory                               |
| 42         | Noah Philip Holzapfel   | The Ohio State University                                   |
| 43         | Nan Huang               | University of Tennessee - Knoxville                         |
| 44         | Issa Isaac              | TTP Labtech Ltd   |
| 45         | Bo Jiang                | Oak Ridge National Laboratory                               |
| 46         | Palani Raja Jothi       | University of Tennessee - Knoxville, JIAM                   |
| 47         | Brian A Kettell         | University of Tennessee - Knoxville                         |
| 48         | Robert King             | Lipscomb University, Dept. of Chemistry & Biochemistry      |
| 49         | Daniel Walter Kneller   | Georgia State University                                    |
| 50         | Robert Koch             | Brookhaven National Laboratory                              |
| 51         | Joseph Kolis            | Clemson University, Dept. of Chemistry                      |
| 52         | Andrey Kovalevsky       | Oak Ridge National Laboratory                               |
| 53         | Matthew Krogstad        | Argonne National Laboratory, Materials Science Division     |
| 54         | Charles H. Lake         | Indiana University of Pennsylvania, Dept. of Chemistry      |
| 55         | Patricia Langan         | Lentigen Corporation  |
| 56         | Paul Langan             | Oak Ridge National Laboratory                               |
| 57         | Cora Lind-Kovacs        | The University of Toledo, Dept. of Chemistry & Biochemistry |
| 58         | Yaohua Liu              | Oak Ridge National Laboratory                               |
| 59         | Jue Liu                 | Oak Ridge National Laboratory                               |
| 60         | Jeremy Lohman           | Purdue University   |
| 61         | Brandon Mash            | Purdue University   |
| 62         | Rebecca McAuliffe       | Oak Ridge National Laboratory                               |
| 63         | Flora Meilleur          | Oak Ridge National Laboratory                               |
| 64         | Peter C Metz            | Oak Ridge National Laboratory                               |
| 65         | Robert Minneci          | University of Tennessee - Knoxville                         |
| 66         | Leonard Mueller         | University of California - Riverside, Dept. of Chemistry    |
